

Activity....

Think of a lion cub who got separated from her parents when she was young. She started living with some sheep and forgot everything about being a lion. She forgot how to roar, how to run fast, and so on. She felt just like a sheep.

One day, she met her parents again and then realized she was actually a lioness!

Similarly, we forget that the power of God is within us.

Colour the picture below of a lion cub among sheep.
